ARTICLE II. SCOPE OF WORK

2.1 OVERVIEW/BACKGROUND

b. This ServiceNow Microsoft Power BI plug-in connector is utilized to facilitate seamless extraction, transformation, and loading (ETL) of data from ServiceNow into Microsoft Power BI. In addition, this ServiceNow Power BI plug-in connector provides a robust, integrated bridge between both platforms, allowing TWC to quickly generate comprehensive datasets from any ServiceNow table within a single, unified data source.

2.2 DESCRIPTION OF SERVICES/SCOPE OF WORK/SPECIFICATIONS

These specifications are being advertised under Section 2155.067 of the Texas Government Code. Only bids on items conforming exactly to these specifications, which include proposing only the brand name(s), make and model number(s) specified, will be considered in determining an award.

a. Successful Bidder must provide the acSoft Inc ServiceNow Power BI plug-in connector.
b. Successful Bidder must provide key features of the acSoft Inc ServiceNow Power BI plug-in connector which include:
    1. The ability to export any ServiceNow tables and fields (including Custom tables and fields);
    2. The ability to include any amount of tables and fields to your Data Source;
    3. The ability to create any amount of Data Sources (data sets);
    4. No limitations in exported data. To reduce the server load during the export process, the application provides the server-side pagination of data over the OData protocol (limited to 1.000 rows per page);
    5. Advanced filtering options to manage data selection and export only the relevant information;
    6. Robust permission settings and access management for secure data sharing;
    7. Dot-walking mechanism for exporting Reference type data, allowing easy access and inclusion of fields from related tables;
    8. Incremental refresh support for efficient Power BI reports and dashboards updates without reimporting the entire dataset;
    9. Power Query support (merge ServiceNow with other data sources, transform data and load it into Power BI Desktop with no-code experience); and
    10. Pre-typed data, eliminating the need for manual conversion to target types such as integer, boolean, decimal, etc.

Article III. GENERAL INFORMATION

3.1 Terms and Conditions

The Terms and Conditions identified in the Solicitation and **Attachment 1 – TWC Terms and Conditions** are applicable to this Solicitation and any Contract resulting from this Solicitation. TWC reserves the right to incorporate additional provisions in the Contract in the best interest of TWC.

In the event of a conflict between this Solicitation and applicable laws and regulations, precedence shall be given to the laws and regulations.

3.2 Contract Award

TWC intends to award one (1) Contract as a result of this Solicitation.

A written notice of Contract Award will be posted on the ESBD, and notification will be sent to all Bidders immediately following execution of the Contract.

3.3 Contract Execution

If, for any reason, a Contract cannot be executed with a Bidder selected for award within thirty (30) days of TWC's determination to seek to contract with that Bidder, TWC may negotiate a Contract with the next lowest responsive Bidder or may withdraw, modify, or partially award this Solicitation.

3.4 Contract Term

The Contract Term will commence on the later of August 15, 2026 or the fully executed Contract date and expire twelve (12) months from that date.

The Contract is contingent upon the continued availability of funding. If funds become unavailable through lack of appropriations, legislative budget cuts, amendment of the General Appropriations Act, TWC consolidation of offices, or any other disruption of current appropriations, Termination provisions of **Attachment 1 - TWC Terms and Conditions** shall apply.

Following the base term and any allowable renewals or extensions, TWC may extend any resulting Contract for not more than one additional option period to address immediate operational or service delivery needs. If the resulting Contract does not include a defined option period, the extension is limited to one year.

3.5 PRICE ADJUSTMENT

Pricing agreed to in any resulting Contract shall be firm and remain constant based on the price agreed upon at award through the life of the Contract and any exercised optional renewal terms, if applicable.

3.6 PAYMENTS

Payment will be made by TWC in accordance with the pricing provided on **Form 2 – Cost Sheet**. The pricing is considered all-inclusive, and no other pricing may be provided on an invoice.

TWC must acknowledge that the services have been satisfactorily performed and products received, if applicable, which are included on an invoice prior to approving the invoice for payment.

Any additional expenses incurred by the Contractor are the responsibility of the Contractor and will not be paid by TWC.

TWC will not pay any per diem, travel, hotel, equipment, phone calls, paper, reproduction services, office space, or other incidental expenses related to performing the services required by the Contract.

3.7 Contract Amendments

The Contract may be amended only by written agreement signed by both the Successful Bidder and TWC.

3.8 No Guarantee of Volume, Usage or Compensation

TWC makes no guarantee of volume, usage, or total compensation to be paid to a Bidder under an awarded Contract, if any, resulting from this Solicitation.

TWC reserves the right to cancel, make partial award, or decline to award a Contract under this Solicitation at any time at its sole discretion.

3.9 Governmental Entities

If Bidder is responding to this Solicitation in its capacity as a governmental entity, certain Terms and Conditions found in this Solicitation, including exhibits and attachments, may not be applicable. Furthermore, to the extent permitted by law, if a Bid is received from a governmental entity, TWC reserves the right to enter into an interagency or interlocal agreement with the governmental entity.

3.10 Offer Period

Bids shall be binding for a period of ninety (90) days after the submission due date. A Bidder may extend the time for which its Bid will be honored. Upon Contract execution, prices agreed upon by the Successful Bidders(s) are an irrevocable offer for the term of the Contract and any Contract renewals or extension(s). No other costs, rates, or fees shall be payable to the Successful Bidder unless expressly agreed upon in writing by TWC.

3.11 Cost Incurred

Bidder understands that issuance of this Solicitation in no way constitutes a commitment by TWC to award a Contract. Additionally, TWC is not liable for any costs incurred by a Bidder in the preparation of a response to this Solicitation. Costs of developing Bids, preparing for, or participating in Oral Presentations and Site Visits, or any other similar expenses incurred by a Bidder are entirely the responsibility of the Bidder, and will not be reimbursed in any manner by the State of Texas.

3.12 Public Information Act-Bidder Response

Information, documentation, and other materials submitted in connection with this Solicitation or resulting Contract may be subject to public disclosure pursuant to the Texas Public Information Act, Texas Government Code, Chapter 552. See **Attachment 1 - Terms and Conditions, Section 2.4.**

If Bidder asserts that information provided in its Bid is exempt from disclosure under the Texas Public Information Act, Bidder must mark and submit two separate, searchable Portable Document Format (PDF) copies (Original Bid and "Public Information Act Copy," including attachments, of the Original Bid) as identified below. This copy is in addition to the original and all copies otherwise required under the provisions of this Solicitation.

3.13 Public Information Action-Contract Award

Within five (5) Business days from Contract execution, the Successful Bidder must submit a "Public Information Act Copy" of the Original Executed Contract (in addition to the original executed contract) to the TWC contract manager by email. The Public Information Act Copy must meet the following requirements:

a. The copy must be clearly marked as "Public Information Act Copy" on the front page in large, bold, capitalized letters (the size of, or equivalent to, 12-point Arial font or larger);

b. Each portion Successful Bidder claims is exempt from public disclosure must be redacted (blacked out); and

c. Successful Bidder must identify, adjacent to each redaction, the claimed exemption from disclosure. Each identification provided as required in Subsection (b) of this section must be identical to those set forth in the Original Bid as required in **Section 3.12** above. The only difference in required markings and information between the Original Contract and the "Public Information Act Copy" of the contract will be redactions, which can only be included in the "Public Information Act Copy." There must be no redactions in the Original Contract.

3.14 Bidder Waiver-Intellectual Property

SUBMISSION OF ANY DOCUMENT TO TWC IN RESPONSE TO THIS SOLICITATION CONSTITUTES AN IRREVOCABLE WAIVER AND AGREEMENT BY BIDDER TO FULLY INDEMNIFY THE STATE OF TEXAS AND TWC FROM ANY CLAIM OF INFRINGEMENT AGAINST THE STATE OF TEXAS AND TWC REGARDING THE INTELLECTUAL PROPERTY RIGHTS OF BIDDER OR ANY THIRD PARTY FOR ANY MATERIALS SUBMITTED TO TWC BY BIDDER.

3.15 Insurance

For the duration of any Contract resulting from this Solicitation, the Successful Bidder shall acquire insurance, bonds, or both, with financially sound and reputable independent insurers, in the type and amount listed in **Attachment 1 – TWC Terms and Conditions**.

Notwithstanding the preceding, TWC reserves the right to consider reasonable alternative methods of insuring the Contract in lieu of the insurance policies customarily required. It will be the Bidder's responsibility to recommend to TWC alternative methods of insuring the Contract. Any alternatives proposed by Bidder should be accompanied by a detailed explanation regarding Bidder's inability to obtain the required insurance and/or bonds. TWC shall be the sole and final judge as to the adequacy of any substitute form of insurance coverage.

Failure to maintain insurance coverage or acceptable alternative methods of insurance shall be deemed a breach of Contract.

3.16 Changes of Ownership or Financial Condition

During the term of the Contract or any extension or renewal thereof, the Successful Bidder shall notify TWC in writing of any substantial change in the ownership or control of the Successful Bidder as soon as possible, but no later than thirty (30) days prior to its occurrence. Successful Bidder must also notify TWC in writing of any change in financial condition as soon as possible, but no later than ten (10) days after its occurrence.

The failure to notify TWC of a change of ownership or control or change in financial condition will be sufficient grounds for rejecting the Bid or terminating the Contract. For the purposes of this section, examples of a substantial change in financial condition are events such as insolvency, bankruptcy, or receivership.

3.17 Sanctions and Remedies

3.17.1 General

It is agreed by TWC and the Successful Bidder that:

a. If the Successful Bidder does not provide or perform the

requirements referred to or listed in this Solicitation or fulfill the obligations of the Contract, damage to TWC will result;

b. establishing the precise measure of damages in the event of default by the Successful Bidder may be (i) costly, (ii) time consuming, or (iii) difficult or impossible to calculate;

c. the liquidated damage assessments contained herein represent a good faith effort to quantify the damages that could reasonably be anticipated at the time of execution of the Contract;

d. the damages set forth herein are just and reasonable;

e. nothing contained in this section shall be construed as relieving the Successful Bidder from performing all Contract requirements whether or not said requirements are set forth herein; and

f. TWC may, therefore, in its sole discretion, deduct damages from the compensation otherwise due to the Successful Bidder. All assessments of damages shall be within the sole discretion of TWC.

3.17.2 Assessment of Sanctions

Once TWC has determined that Sanctions are to be assessed, the Executive Director or Executive Director's designee shall notify the Successful Bidder of the assessment(s). TWC will withhold Sanctions from payments to the Successful Bidder or, if no payments are to be made, TWC will make demand of payment of Sanctions. The Successful Bidder must make payment within thirty (30) days of TWC's demand. In the event the Successful Bidder fails to pay within the thirty (30) day period, TWC may make a claim for payment against the performance bond, with or without notice to the Successful Bidder, if applicable.

3.17.3 Failure to Assess Sanctions

The failure of TWC to access Sanctions in any instance where TWC is entitled to Sanctions under the terms of this Solicitation, or the resulting

Contract shall not constitute waiver in any fashion of TWC's rights to assess Sanctions.

3.18 General

It is agreed by TWC and the Successful Bidder that:

a. If the Successful Bidder does not provide or perform the requirements referred to or listed in this Solicitation or fulfill the obligations of the Contract, damage to TWC will result;

c. The liquidated damage assessments contained herein represent a good faith effort to quantify the damages that could reasonably be anticipated at the time of execution of the Contract;

d. The damages set forth herein are just and reasonable;

e. Nothing contained in this section shall be construed as relieving the Successful Bidder from performing all Contract requirements whether or not said requirements are set forth herein; and

f. TWC may, therefore, in its sole discretion, deduct damages from compensation otherwise due to the Successful Bidder. All assessments of damages shall be within the sole discretion of TWC.

3.18.1 Assessment of Liquidated Damages

a. Once TWC has determined that liquidated damages are to be assessed, the TWC shall notify the Successful Bidder of the assessment(s).

b. Upon receipt of written notice, the Successful Bidder will have ten (10) days to provide a written explanation of any justification that may be applicable to the liquidated damages being considered and a corrective action plan for bringing the operations within the standards specified.

c. TWC has the right to amend the corrective action plan submitted by the Successful Bidder.

d. In all cases, the corrective action plan must be approved by TWC in writing prior to implementation. The corrective action plan must be implemented by the Successful Bidder at no cost to and upon approval by the TWC Contract Manager.

e. Liquidated damages will not be assessed during the specified cure period for the activity in question.

f. If the breach is not cured or the Successful Bidder does not provide a written justification and/or approved corrective action plan, TWC will withhold liquidated damages from payments to the Successful Bidder, or, if no payments have been made, TWC will make demand of payment of liquidated damages.

g. The Successful Bidder must make payment within thirty (30) days of TWC's demand.

h. In the event the Successful Bidder fails to pay within the thirty (30) day period, TWC may utilize the option to withhold any additional payments.

i. Failure to pay assessed liquidated damages within the designated time frame may be deemed by TWC to be a breach of contract.

3.19 Severability

If any provision or portion of this Solicitation is illegal, void, or unenforceable, the other provisions will not be affected.

3.20 Franchise Tax - Right to Transact Business in Texas

If applicable, the Texas franchise tax is imposed on each taxable entity formed or organized in Texas or doing business in Texas.

As a condition of award, an authorized officer or agent of each proposed Subcontractor may be required to sign a statement to the effect that the Subcontractor has read, and will agree to abide by, Bidder's obligations under any Contract awarded pursuant to this Solicitation.

The Successful Bidder must obtain prior written approval from TWC if any part of the Contract between TWC and the Successful Bidder is to be subcontracted, and the Subcontractor must comply with all applicable requirements of TWC. TWC reserves the sole right to require the Successful Bidder to terminate any Subcontractor with or without cause.

In the event TWC approves of the use of any Subcontractor, the Successful Bidder is not relieved of its responsibility and obligation to meet all the requirements of this Solicitation.

TWC will incur no additional obligations, and the obligations of the Successful Bidder will not be reduced as a result of any such subcontracts.

The Successful Bidder's obligation to pay Subcontractors is governed by Texas Government Code § 2251.022 (Time for Payment by Vendor), and any amendments thereto.
